CREATE A THEME BASKET!

The auction of unique theme baskets is always a huge success! See a suggested list of themes (below), choose one that interests you and then, using your imagination and creativity, fill your basket with goodies that fit your theme. Or, come up with a theme of your own.

A simple suggestion... **make it a group effort!** Join together with one or two other parish families that you know to create a basket. This makes the undertaking more cost-effective for everyone (and you can have fun getting together to create the basket, too!)

Some popular basket themes:
