### Worship Nights – Living Water Series

The Worship Series on Living Water we will break open the story of the woman at the well and dive into what it means to worship. Through this story we will discuss what it means to worship, understanding who we think we are vs. who we actually are, who God is and who God is in relation to us, understanding how we are to worship Him and drink of his living water, and how we are to respond to this encounter with God.

### Youth Nights – Existence Series

In this four part series we will touch on the themes of Existence: how we got here, why we are here, and what comes after. This series is intended to provoke prayerful thoughts and discussion on our own lives and its foundation in Christ. It will also integrate a balance of themes on faith and science.

### Youth Nights – Life of Jesus Series

This four part series will journey through the life of Jesus. We will touch on understanding what it means to be human in all it's faculties, how Jesus lived as the perfect example of humanity, and what it means to live and die. It will also touch on understanding what God created our bodies for through the Church's teachings on theology of the body.

### Youth Nights – Unveiling Series

The Unveiling is about revealing the masks we wear with the assistance of scripture. Through this series we will dive into our understanding of how through the healing of Jesus Christ we are able to shed those masks.

### High School Missions Retreat

This retreat is a time for youth from all of the various Adore missions to come together in community. This retreat will be a weekend of worship, personal prayer time, talks, break out sessions, small group time, a team building rock wall and zip line, archery, outdoor sports, fellowship, and time to grow in faith with your peers.
