**Sharing Faith from Around the World**

With little water, minimal electricity and no money, the people of our Eliás Piña mission in the Dominican Republic have abundant faith. In this land of poverty, many people do not have the resources to find a job or the ability to attend Mass. The mission in Eliás Piña helps provide necessary resources by attending to the physical and spiritual needs of these communities. Although you may not be able to physically travel to the Dominican Republic to help these communities, your support of the Bishop's Appeal can share our faith with them from across the globe. Think about sharing the abundance of your gifts with others by giving a gift to the Bishop's Appeal. If you have not made a gift to the Bishop's Appeal, please prayerfully consider the impact it would have on our parishes and communities and make a gift today at [www.catholicfoundationgb.org/give](http://www.catholicfoundationgb.org/give). For more information, contact your parish, visit the website at [www.catholicfoundationgb.org](http://www.catholicfoundationgb.org), or call Tammy toll-free at 877-500-3580, ext. 8123.

## Faith, service are Mazier sisters' crowning achievements

AMANDA LAUER | FOR THE COMPASS

**APPLETON** — "I think you can become Miss America someday." Those words were life-changing for Katrina Mazier, a member of St. Bernadette Parish and a 2016 graduate of St. Francis Xavier High School in Appleton.

They may also be prophetic as Katrina, 19, was crowned Miss Green Bay Area on Jan. 20. That same evening, her sister, Anika Mazier, 16, a junior at St. Francis Xavier High School, was crowned Miss Green Bay Area's Outstanding Teen. Both will compete for the Miss Wisconsin title in their respective divisions in June. If they win at that level, they move onto the Miss America pageant.

"I had never thought about pageants before. I didn't know what they were," said Katrina. She was encouraged to enter the competition by her hairdresser, Michele Hepfler, who is also a member of St. Bernadette Parish. The Miss Green Bay Area Scholarship Organization is an affiliate of the non-profit Miss America Organization —

the nation's leading advocate for women's education and the largest provider of scholarship assistance to young women in the United States.

Katrina recalled what Hepfler told her about the pageant. "It's a scholarship pageant and you can get money to go to school and you get to pick a platform. It's a way for you to travel Wisconsin and speak about

something you're passionate about." Those words struck a chord with Katrina.

She decided to enter competition because having a crown and sash would open doors so she could speak about teenage suicide prevention. Katrina is the survivor of a suicide attempt.

### FRANKLY FRANCIS

Dear Brothers and Sisters,  
The prayer we offer to the Father as his adoptive children in Christ, disposes us to receive the Lord's body and blood in Holy Communion. We ask the Father for "our daily bread," for the forgiveness of our sins and for deliverance from evil. These petitions are then expanded in the following prayers, which invoke God's peace and unity upon the Church and our world. In the exchange of the sign of peace, we demonstrate our commitment to be reconciled with one another, so as to worthily approach the altar to receive the Lord's gift of himself. The rite of the breaking of the bread, accompanied by our invocation of Christ as the Lamb of God, acknowledges the saving presence of the risen Lord among us and implores the peace he won for us on the Cross. May our conscious celebration of these rites help us to experience ever more fully the Eucharist as the sacrament of our communion.

## March 3 Mass marks 150 years diocese was created

BY JEFF KUROWSKI | THE COMPASS

**GREEN BAY** — A Mass of thanksgiving was celebrated on Saturday, March 3, at St. Francis Xavier Cathedral, 150 years to the day that the Diocese of Green Bay was created.

Bishop David Ricken, the 12th bishop of the diocese, recognized Bishop Joseph Melcher, the founding bishop, in a special way.

"I am using his crosier. It must be almost 150 years old, I guess," said Bishop Ricken. "It still exists. It's been well taken care of."

A relic, the True Cross of Jesus Christ, brought to the diocese by Bishop Melcher, was also present at the Mass. The True Cross is the name for remains said to be from the cross upon which Jesus was crucified.

Bishop Ricken opened his homily with an invi-

tation for all in attendance to wish one another a happy anniversary. The Mass provided a time to call people to discipleship, said the bishop.

"It truly is a Mass of thanksgiving for 150 years of faith," he said. "Take a look at the beautifully restored cathedral because this is the legacy we received in stone, in hearts and beauty."

# 5 THINGS YOU SHOULD KNOW

## About Easter

PATRICIA KASTEN | THE COMPASS

- 1 April 1 is Easter this year. The last time it fell on April Fool's Day was in 1956.
- 2 Here's the simplified formula for how we get Easter's date: It is celebrated on the first Sunday after the first full moon after the spring equinox.
- 3 Easter was originally called *Pascha*, a Greek word derived from the Hebrew *pesah*, referring to the Passover. Word experts tell us the word "Easter" comes from either an Old English word *eastre*, or an early Germanic word, *austron*, both of which refer to "dawn" and the direction "east."
- 4 The traditional Easter greeting is: "Christ is risen." The response is: "He is risen indeed."
- 5 Orthodox Christians dye their Easter eggs red, to symbolize the blood of Christ.

# What's sin got to do with it?

Three letters. Begins with the letter "s." Often makes people very uncomfortable to talk about. Can you guess what I'm talking about?

### A SPACE FOR GRACE

Julianne Stanz

Yes, sin. An older gentleman recently remarked to me that "talking about sin is very much out of vogue these days. You don't want to scare the young people away by talking about that kind of stuff." While talking about sin is certainly not the first place that I would begin a conversation, having an understanding of sin is crucial to our understanding of ourselves, our relationship

with others and with God. The abundant love and mercy of the Father and forgiveness cannot be spoken of without also understanding sin.

So let's break down what sin is and what it means for each of us, especially during this penitential season of Lent.

The question posted by a newspaper, "What is wrong with the world?" was answered by Catholic author and writer G.K. Chesterton as follows:

Dear Sirs:

I am.

Sincerely Yours,  
G.K. Chesterton.

"I am." These two words are our starting point for an understanding of sin.

Relationships are damaged because of lies, broken promises and betrayal. When you are in a relationship with someone and you continu-

ously hurt them, your relationship becomes broken. Refusing to admit any wrongdoing and refusing to apologize can break relationships, seemingly beyond repair.

Our relationship with God is broken because of sin. A sin is a choice that goes against God's love. Sin is how we say "no" to God. Sin damages our relationships with God and other people, leaving a trail of destruction and sorrow in its wake.

Many times through our actions, we have turned from God and refused to admit our failures and wrongdoing. We hurt ourselves, those we love and damage our relationship with God. Sin has a triple effect. It weakens our relationship with God, it affects our relationships with others and it denigrates and damages our true sense of who we really are — as children of God created in his image and likeness.

Archbishop Fulton Sheen found a very creative way to express the reality of sin using the metaphor of a battery.

Batteries have two terminals on each end — the positive side (+) called the cathode and the negative side known as the anode (-). If you want your car to run correctly, the battery must be engaged with the positive and the negative sides properly connected. If you have two positives, your car will not run, nor will it run with two negatives.

We need to hear the good news of salvation but also to hear the effects of sin. If we do not keep those in balance, the Christian life will not be a fully charged one! So how can we make amends?

## From the Principal

Dear Parishioners,

I would like to share my thanks to each one of you for your support of the Gala of Giving and the Electric Moment. To Lisa Mueller, thank you for taking on the monumental task of chairing the Gala of Giving and to Amy Alberts for keeping money, ticket packages, thank you's, donations, etc. accurate. It was a very special evening bringing community together with a common focus – the students at St. John Bosco. With everyone contributing items, organizing the event, participating and donating, the Gala brought in about \$30,000 after expenses. This is truly remarkable. The general funding for Gala is necessary for our overall budget.

The Electric Moment project, Project Lead the Way was certainly exciting when I began researching it last April. After reading research, talking with other school administrators, spending the day in Ripon Schools observing K – 8 in action with PLTW, I was firmly convinced this was the best scope and sequence in science, technology, engineering and math that we

could give our students. Teachers are excited about their training during the next two summers and students are excited about the new opportunities for project-based learning. What could be more exciting than Animals and Algorithms, Observing the Sun, Moon, and Stars, Science of Flight, Computer Systems, Infection Detection, the Magic of Electrons, Medical Detectives, and Automation and Robotics to name a few of the new modules coming this fall. So many of you were as passionate about PLTW as I was, and you willingly supported this endeavor. \$110,000 was raised the night of Gala during the Electric Moment with our 2 challenge matches from Dr. Dennis and Bonnie Connolly and an anonymous couple. I was on such a natural high from the evenings success I couldn't fall asleep until 3:30 in the morning. Truly amazing. I feel so blessed our challenge donors believe in the rigorous and cutting-edge direction of the school and so do you!!! Thank you for caring about our students, the future of our greater communities and the wonderful education they receive at St. John Bosco. "In a cultural climate in which moral norms are often thought to be matters of personal preference, St. John Bosco has a crucial role to play in leading the younger generation to realize that freedom consists above all in being able to respond

to the demands of the truth (cf. Veritatis Splendor, #84).

Facebook – Dozens of photos from school activities fill St. John Bosco's Facebook page. Anyone can access it from our website.

**SJB Hosts Middle School Math Meet**

St. John Bosco School hosted the Door County

Middle School Math Competition on March 20.

There were 13 county teams

at our school, including two from SJB. One of our 8<sup>th</sup> grade students, Andrew Konop, placed as one of the top 10 finishers! While awards were being presented, students enjoyed a piece of pie (pi=3.14). Thank you to Mrs. Glasheen for coordinating the math competition and for our teachers who volunteered their time as proctors. Great job to our two teams!

**Maple Syrup Field Trip**

Students in grades 3 and 4 visited Henschel's Farm to learn about the making of maple syrup.

Students toured the dairy barn, visited the saw mill and saw

how maple syrup was made. They ended the trip with a tasty scoop of ice cream topped with, what

else, homemade maple syrup. Thanks to Mike and Jamie Henschel for providing this field trip to our students!

**Creative Spirits – Creative Souls**

With the completion and dedication of our playground a few new concerns have arisen. Many students from the neighborhood and greater Sturgeon Bay area are using the playground. With that comes safety concerns as well as expectations that need to be communicated. After meeting with the police Chief and talking with the Board of Trustees it was felt that if monies could be raised we would complete the playground with the following: signs posting expectations, a security system and pouring concrete as the base for our GaGa Pit. We have 4 benches that have gone unnamed and with the sale of those we would have the necessary monies to move forward. If anyone, a family, or a group of people would be interested in purchasing a bench for \$5,000 or would like more information please call the school office at 743-4144 or contact Vickie Dassler at [vickie.dassler@johnboscoschool.org](mailto:vickie.dassler@johnboscoschool.org). Thank you.

**Annual School Fund Drive Update**

You can still give a gift to the school through our Annual School Fund Drive. We are working toward our \$65,000 goal, but we haven't made it yet. The fund drive goes through the end of March, but we would like to reach our goal as soon as we can! We are at \$44,941.15. This fund provides the money needed for the general expenses of our school. Please consider donating if you have not given yet. Thank you!

**Volunteer Appreciation Mass**

St. John Bosco School is grateful for our volunteers! Please join us as we celebrate you with our Volunteer Appreciation Mass on Wednesday, April 18 at 8:20 am.

**First Holy Communion**

Receiving First Communion is considered one of the holiest and most important occasions in a Catholic person's life. We hope that you will join our 25 First Communicants when they receive First Communion along with their parents at these masses:

**April 29** 10:30 a.m. at Corpus Christi, 10 children

**May 6** 10:00 a.m. at St. Joseph's, 15 children

**Shadow Stations**

The 4<sup>th</sup> grade students, along with Mr. Newbern and Mrs. Koller, presented the shadow

stations for our school. They took this role very seriously and did an awesome job!

**Living Rosary**

Students at St. John Bosco participated in a Living Rosary on March 27.

The prayer experience was very meaningful and a wonderful way to end our Lenten journey.
